

HESTIA

POWER SECTIONAL | CM9920ST-SECT-PM

DETAILS:

Suitable for any modern home, this beige sectional will liven up any living room it graces. It starts with the materials – upholstered in top grain leather, the frame within is made of kiln-dried hardwood, corner blocked for maximum durability. High density foam and a no sag suspension go underneath each seat, with heavy duty reclining mechanisms controlled by a simple touch of a button. The L-shaped sectional offers plenty of seats with zero gravity position and extendable footrests for everyone to stretch out and relax. Designed to stay off the wall even with just three-inch space, it's the kind of furniture that takes into account the intricacies of living in a more modest space.
