Abi Nesting Coffee Table Beige Cosmos Marble

Two tables, one easy rhythm. Abi nests together when you want calm, then fans out when the room needs a little more surface. Sculptural, soft-angled forms keep the look modern without feeling sharp. An Italian Beige Cosmos marble top keeps things clean and fresh, while the acacia wood and MDF base adds warmth and steadies the set. Rounded corners make everyday living feel smoother. Tuck, pull, repeat. Perfect for coffee, books, and a bright-day mood.

- Nested Sculptural Pair: Soft angular silhouettes and rounded corners create a modern look that reads relaxed, whether the tables are together or pulled apart.
- Cosmos Marble Top: Italian Cosmos marble keeps the surface clean and fresh, paired with an acacia wood and MDF base to warm it up.
- Steady, Thoughtful Build: The wood-and-MDF base supports the weight of stone, and carefully rounded edges help the set feel comfortable daily.
- Flexible Nesting Function: Slide the tops together to save space, or separate them when snacks, laptops, and conversation need extra room.
