### COMPONENT LIST

Glass

2 Pcs

If you prefer to use glass instead of wood panel in the door, remove rubber strip and replace the wood panel with glass. Then push the rubber strip into the door frame around the glass.

When you prefer to adjust the location of shelf, take off screws and reinsert the shelf brackets into the holes. Then place the shelf on and re-securing it.

### Detail 2

Take off one screw from each mounting plate and swing it to the proper location on the base before re-securing it with the screw.
