Designed to Adapt with the Most Versatile Capacity

We maximized our interior volume and added full-width, cantilever shelves to quickly adapt the configuration to your particular storage needs, whether tall, wide or deep. What's more, the 3-in-1 Split Convertible Shelf™ feature gives you as many as three storage options within one shelf! And, our MaxStore™ Bin offers high capacity, clear-view storage on rollout glides to keep produce easy to access and at its peak freshness.

Soft-Close Integrated Hinge

Stainless Steel Shelf Fronts

Tri-Color Lighting

You can feel the craftsmanship in fully extendable, smooth ball-bearing roller glides, sturdy stainless steel door handles and soft-close integrated door hinge system. It's calibrated into the state-of-the-art Marvel Intuit™ integrated controls and evident in the strong, enduring mechanics.

You can see the impeccable fit and lustrous finish that merges seamlessly with cabinetry, as if both were inspired from one like design. And you can taste the difference in the way Marvel preserves the pure, perfectly chilled flavor of food, wine and beverages.

This is the Marvel Professional difference.

24" Marvel Professional Dual Zone Wine and Beverage Center

Model # MP24WB

Performance

- Two independently controlled temperature zones offer dual options for wine and beverage storage
- Upper zone environment is ideal for wine storage (45° F to 60° F) and the lower zone is designed for beverages and perishables (34° F to 42° F)
- Dynamic cooling technology delivers rapid cool down, frost-free operation and precise temperature stability
- Vibration Neutralization System protects wine from agitation, allowing it to come to full maturation
- Thermal-efficient cabinet ensures optimum food preservation and energy efficiency while maximizing capacity
- Argon-filled, UV-resistant tinted dual pane glass door protects contents from damaging ultraviolet light, while conserving energy
- Now even quieter operation thanks to exclusive design enhancements to buffer and minimize sound

Storage Capabilities

- 5.1 total cu. ft.
  - 1.85 cu. ft upper zone stores 7 bottles on (1) smooth-glide display wine rack with heavy-gauge wire cradles
  - 3.27 cu ft. lower zone can hold (112) 12-oz cans, (64) longneck bottles or (2) upright 2-liter bottles
- Tall-item storage: lower zone features cantilevered shelving that allows for high-clearance vertical items
- Lower shelf glides out for easy access and features 3-in-1 Convertible Shelf with removable glass pane for 4-bottle wine rack option
- Access contents easily with full-extension, glide-out shelving on the smooth-glide ball bearing system
- Cantilevered shelving system adjusts height to your storage needs

Touchpad Controls

- Multifunction Marvel Intuit Integrated Controls feature convenient settings for the ultimate programmability and allow you to select a precise temperature for each zone
- Vacation mode conserves energy during times when unit is not in use

Aesthetics

- Soft-close integrated hinge provides a seamless zero clearance installation and a smooth gentle close
- At the touch of a button, change the interior light color to sapphire blue, amber glow, or arctic white
- Two-stage theater-style lighting offers full or half illumination
- Elegant midnight black interior
- Professional styling: stainless-steel-framed glass door, sturdy full-length handle, sleek stainless steel shelf fronts and stainless steel toe kick adjustable to 4" with leveling legs
- Finish options: stainless steel or overlay (panel ready)

Additional Convenience

- Close Door Assist System gently and automatically draws door to a close, ensuring door is never accidentally left ajar
- Door lock provides added safety and security
- 3-year parts and labor warranty, 5-year sealed system parts warranty

Impeccably clear ice
for the connoisseur

MARVEL PROFESSIONAL CLEAR ICE MACHINE WITH

Tri-Color Illuminice™

Quiet Operation

Never to be outdone, we improved sound suppression and buffered operating noise to make Marvel Clear Ice Machines quieter than most dishwashers.

Unrivaled clarity and quality

Our fractional freezing process removes dissolved solids for pure, clear ice that won't impart flavor to your drinks. Other "clear ice" brands reuse residual water with high impurity content.

The optimal shape for faster, longer cooling

Engineered to the perfect size, shape and density for immediate cooling and slower melt, while taking up less space in your glass.

3/4"

Energy-saving options

Eco Ice™ and Vacation/Delay Start modes conserve up to 25% water and electricity.

25%
ENERGY
SAVINGS

Produces up to 39 lbs a day

That's the equivalent of nearly eight convenience-store bags of ice daily!

15" Marvel Professional Clear Ice Machine with Tri-Color Illuminice

Model # MP15CP

Performance

- Discretely quiet operation
- Energy-saving options conserve water and energy
- Engineered to consistently produce pure, clear ice with unrivaled clarity, immediate cooling and slower melt
- Its uniform size and compact density prove to be the optimal shape to provide faster cooling, while taking up less space in your glass
- Produces up to 39 pounds of clear ice daily, the equivalent of nearly eight convenience-store bags of ice
- Streamlined componentry and single-connection water fitting for simple installation

Storage Capabilities

- Large-capacity bin stores 35 pounds of clear ice, while preserving quality and assuring fresh ice production
- Ice scoop holder included
- Easy-to-clean, hygienic interior surface

Touchpad Controls

- Marvel Intuit Integrated Controls feature all-new settings for ultimate programmability
- Eco Ice mode moderates ice production to conservative usage, saving 25% water (91 gallons monthly) and 25% energy ($45 annually)**
- Delay Start/Vacation option automatically postpones operation by 1/4/6/8 (hour or day) intervals, preventing wasteful water and energy use
- Audible alerts and programmed cleaning reminders

Aesthetics

- Illuminice feature projects waterproof LED light through clear ice for a dazzling illumination effect
- At the touch of a button, change the interior light color to sapphire blue, amber glow, or arctic white
- Two-stage theater-style lighting offers full or half illumination
- Midnight black interior and the first-ever glass door option add drama to the ice presentation, perfect for entertaining
- Soft-close integrated hinge provides a seamless zero clearance installation and a smooth, gentle close
- Finish options: stainless steel (solid or glass door) or overlay (panel ready)*

TRI-COLOR LIGHTING

Sapphire Blue   Amber Glow   Arctic White

LIVE MARVELOUSLY TIP

Ice to a cocktail is what flame is to food – use it wisely, and the results can be phenomenal, use it incorrectly and you can completely alter a drink's taste. Expert bartenders insist that ice is the most important ingredient in making a great cocktail and choosing the right kind can make or break your drink. The purer the ice, the better a drink will taste as the ice melts. And, clarity is the best indicator for purity, as is the case with the Marvel Professional Clear Ice Machine, considered the clearest, most pure ice available for residential use.

Additional Convenience

- Includes factory installed drain pump
- Close Door Assist System prevents energy loss by automatically drawing door to a gentle close
- Stainless steel toe kick adjustable to 4" with leveling legs
- 3-year parts and labor warranty, 5-year sealed system parts warranty

Proper Ice Machine Care
Each model is programmed with manufacturer-recommended cleaning reminders. To ensure maximum performance and ice quality, clean your ice machine once every 6 months or more depending on use and water quality. For Marvel-approved cleaning accessories, see Accessories.

MARVEL

The energy-efficient collection of quality, craftsmanship and impeccable style

A classic throughout generations of industry leadership, the Marvel collection continues to uphold its hallmark standards of quality and signature features—attributes emblematic of the Marvel brand and what continues to propel our reputation and status as the undercounter product to be desired. It's the brand found in world-class sports stadiums, celebrity entertainment rooms and thousands of homes throughout North America. You'll see why in the pages that follow.

Easy-to-Install Overlay Panel Options

Slim Designer Handle

Most Versatile Design Options

24" Marvel Dual Zone Wine and Beverage Center with 3-in-1 Split Convertible Shelf

Model # ML24WB

Truly flexible, truly dual zone storage for wine and beverages

UPPER ZONE
Wine Storage
45° F to 60° F
Holds 16 wine bottles

LOWER ZONE
Beverage/Food Storage
34° F to 42° F
Holds as many as
(112) 12-oz cans
(64) longneck bottles

Performance

- Two independently-controlled temperature zones offers dual options for wine and beverage storage
- Upper zone environment is ideal for wine storage (45° F to 60° F) and the lower zone is designed for beverages and perishables (34° F to 42° F)
- Dynamic cooling technology delivers rapid cool down, frost-free operation and precise temperature stability
- Vibration Neutralization System protects wine from agitation, allowing it to come to full maturation
- Thermal-efficient cabinet ensures optimum preservation and energy efficiency while maximizing capacity
- Argon-filled, UV-resistant tinted dual pane glass door protects contents from damaging ultraviolet light, while conserving energy
- Now even quieter operation thanks to exclusive design enhancements to buffer and minimize sound

Storage Capabilities

- 5.1 total cu. ft.
  - 1.85 cu. ft. upper zone stores 16 bottles of wine on (2) 8-bottle roller-glide wine racks
- Heavy-gauge wire wine racks safely cradle each wine bottle
  - 3.27 cu. ft. lower zone can hold (112) 12-oz cans, (64) longneck bottles or an additional 6 wine bottles
  - 3-in-1 Split Convertible Shelf offers cantilevered glass shelving that converts to 3 or 6-bottle wine rack

Touchpad Controls

- Multifunction Marvel Intuit Integrated Controls feature convenient settings for the ultimate programmability and allow you to select a precise temperature for each zone
- Vacation mode conserves energy during times when the unit is not in use

Aesthetics

- Two-stage, arctic white theater-style LED lighting and midnight black interior
- Solid black shelf fronts
- Easy-to-install panel overlay option features soft-close integrated hinge for a truly flush fit with cabinetry
- Finish options: stainless steel or overlay (panel ready)

Additional Convenience

- Close Door Assist System gently and automatically draws door to a close, ensuring door is never accidentally left ajar
- Black toe kick adjustable to 4" with leveling legs
- 1-year parts and labor warranty, 5-year sealed system parts warranty

Just like any living thing, environmental conditions play a critical role in wine development and maturation process, and Marvel Wine Refrigerators are engineered to provide the optimal environment for your special vintages.

Defends Against Light Damage

Light can affect the tannins in the wine, degrading the color and nose of your wine. The dual-pane, tinted, UV-resistant glass door on a Marvel Wine Refrigerator protects wine from light while artfully showcasing your bottles.

Neutralizes Vibrations

Wine does not like to be disturbed, as movement disrupts the sediment and unnaturally accelerates the aging process. Marvel Wine Refrigerators have a triple-layer Vibration Neutralization System (VNS) to protect your wine from damaging movement and heavy-gauge wire wine racks to safely cradle each wine bottle.

Here's the Science

Wine is a fragile and complex composition, and any physical and chemical changes in environment, particularly temperature, can greatly impact the delicate balance of ongoing chemical reactions that occur as oxygen enters the cork. And, the rate of the average chemical reaction increases with temperature. For example, a vintage wine that would normally require 10 years of careful aging may quickly become past its prime in months when stored too warm.

Marvel Wine Refrigerators ensure precise and accurate temperature stability, allowing your collection to gracefully come to full maturation, an attribute others can't deliver.

Access Wine Preservation Guides on the Marvel Blog

Visit marvelrefrigeration.com/blog for proper wine storage techniques, serving temperature charts by wine type and other tips.

MARVEL

Performance

- Two independently-controlled temperature compartments offer dual options for storing and serving: the top between 55° F and 62° F and the bottom between 45° F and 55° F
- Dynamic cooling technology delivers rapid cool down, frost-free operation and precise temperature stability
- Vibration Neutralization System protects wine from agitation, allowing it to come to full maturation
- Thermal-efficient cabinet ensures optimum wine preservation and energy efficiency while maximizing capacity
- Argon-filled, UV-resistant tinted dual pane glass door protects contents from damaging ultraviolet light
- Now even quieter operation thanks to exclusive design enhancements to buffer and minimize sound

Storage Capabilities

- 4.9 cu. ft. capacity, stores 40 bottles of wine: upper zone includes (3) 8-bottle roller-glide wine racks and lower zone includes (1) 8-bottle roller-glide wine rack and (2) 4-bottle half-depth roller-glide wine racks
- Heavy-gauge wire wine racks safely cradle each wine bottle

Touchpad Controls

- Multifunction Marvel Intuit Integrated Controls allow you to select a precise cabinet temperature for dual zones

Aesthetics

- Two-stage, white theater LED lighting and midnight black interior and natural maple shelf fronts, stainable to match cabinetry
- Easy-to-install panel overlay option features soft-close integrated hinge for a truly flush fit with cabinetry
- Finish options: stainless steel, black or overlay (panel ready)

Additional Convenience

- Close Door Assist System gently and automatically draws door to a close, ensuring door is never accidentally left ajar
- Black toe kick adjustable up to 4" with leveling legs
- 1-year parts and labor warranty, 5-year sealed system parts warranty

MARVEL CLEAR ICE MACHINE WITH
Arctic White Illuminice™

15" Marvel Clear Ice Machine with Arctic White Illuminice

Model # ML15CL & ML15CP

Performance
- The quietest ice machine you can buy
- Energy-saving options conserve water and energy
- Engineered to consistently produce pure, clear ice with unrivaled clarity, immediate cooling and slower melt
- Its uniform size and compact density prove to be the optimal shape to provide faster cooling, while taking up less space in your glass
- Produces up to 39 pounds of clear ice daily, the equivalent of nearly eight convenience-store bags of ice
- Streamlined componentry and single-connection water fitting for simple installation

Storage Capabilities
- Large-capacity bin stores 35 pounds of clear ice, while preserving quality and assuring fresh ice production
- Easy-to-clean, hygienic interior surface

Touchpad Controls
- Marvel Intuit Integrated Controls feature all-new settings for ultimate programmability
- Eco Ice mode moderates ice production to conservative usage, saving 25% water (91 gallons monthly) and 25% energy ($45 annually)**
- Delay Start/Vacation option automatically postpones operation by 1/4/6/8 (hour or day) intervals, preventing wasteful water use
- Audible alerts and programmed cleaning reminders

Aesthetics
- Illuminice feature projects arctic white LED light through clear ice for a dazzling illumination effect
- First-ever glass door model adds drama to entertaining at home
- Easy-to-install panel-ready option includes soft-close integrated hinge
- Finish options: stainless steel, black or overlay panel

Additional Convenience
- Close Door Assist System prevents energy loss by automatically drawing door to a gentle close
- Black toe kick adjustable to 4" with leveling legs
- 1-year parts and labor warranty, 5-year sealed system parts warranty (see owner's guide for details)

*Easy installation! No panel kit required. Consult your cabinet maker for overlay panel and handle options.

**Based on national average of $0.12 kWh at 100% operation
Note: Ice production rate optimal when ambient air and water temperature is at or below 72° F.

LIVE MARVELOUSLY TIP

Much like a fine chocolatier slowly tempers chocolate to a solid state for the best quality and flavor, Marvel Clear Ice employs a fractional freezing process to create high-density, slow-melting ice with the ultimate clarity and purity. As water runs over the cold plate, pure water freezes first. Dissolved solids are carried away into the water reservoir, giving you crystal-clear ice that cools your drinks without affecting the flavor.

Proper Ice Machine Care
Each model is programmed with manufacturer-recommended cleaning reminders. To ensure maximum performance and ice quality, clean your ice machine once every 6 months or more depending on use and water quality. For Marvel-approved cleaning products, see Accessories.

The World's Most Versatile Dispenser Now for Beer or Wine!

Now available with single or twin tap wine dispensers.

33 ³/₄" H

25 ⁵/₈" D including handle

23 ⁷/₈" W

Performance

- Dynamic cooling technology delivers rapid cool down, frost-free operation and precise temperature stability
- Integrated drain system keeps spillage under control and removable components make for easier cleaning
- Double-insulated tower reduces foam on pour and prevents condensation
- Now even quieter operation thanks to exclusive design enhancements to buffer and minimize sound

Storage Capabilities

- 5.7 cu. ft. capacity
- The only dispenser that can store half kegs, tall quarter kegs, pony kegs, sixth barrels, Cornelius kegs, growlers, bottles or cans
- Lo-Boy coupler makes it easier to store, tap and swap out tall U.S. type D half barrels
- (2) stow-on-board, commercial-grade stainless-steel shelves convert unit to a full refrigerator to store perishables
- Secure CO_2 tank storage area and drain basin
- Anti-scuff interior floor shield and stainless steel threshold protect against cabinet wear and tear from loading and unloading kegs
- Rear port gives external CO_2 tank option

Touchpad Controls

- Multifunction Marvel Intuit Integrated Controls allow you to select a precise cabinet temperature from 34° F to 60° F

Aesthetics

- Finished cabinet for built-in or freestanding installation
- Beer and wine dispenser kits with single or twin tap options
- Easy-to-install panel overlay option features soft-close integrated hinge for a truly flush fit with cabinetry
- Finish options: stainless steel, black or overlay (panel ready)

Finish Options

Stainless Steel

Solid Overlay (Panel Ready)*

Performance

- Discretely quiet operation
- Energy-saving options conserve water and electricity
- Engineered to consistently produce pure, clear ice with unrivaled clarity, immediate cooling and slower melt
- Produces up to 39 pounds of clear ice daily, the equivalent of nearly eight convenientce-store ice bags
- Close Door Assist System prevents energy loss by automatically drawing door to a gentle close
- Streamlined componentry and single-connection water fitting for simple installation

Storage Capabilities

- Large-capacity bin stores 35 pounds of clear ice

Touchpad Controls

- Multifunction Marvel Intuit™ Integrated Controls adapt ice production to usage needs
- Eco Ice mode moderates ice production to conservative usage, saving 25% water (91 gallons monthly) and 25% energy ($45 annually)**
- Audible alerts and programmed cleaning reminders

Aesthetics

- Illuminice feature projects arctic white LED lighting through clear ice for a dazzling illumination effect
- High-efficiency, low-maintenance condenser design for built-in zero clearance installations
- Finish options: stainless steel or overlay (panel ready)

Additional Convenience

- Low profile, ADA height allows for universal installation applications
- Black toe kick adjustable to 4" with leveling legs
- 1-year parts and labor warranty, 5-year sealed system parts warranty

MARVEL
OUTDOOR

Certified for Outdoor Safety and Tested for Performance

Outdoor kitchens demand a higher level of durability, reliability and performance from the appliances chosen for the strenuous job. That's why world-class Marvel Outdoor is certified for outdoor use and tested to endure the elements like rain, corrosion, humidity and temperatures as high as 115° F. Plus, each is engineered with Dynamic cooling technology to precise temperature stability and rapid cool down proven to cool nearly 2x faster than other outdoor models.

Designed for the elements. Tested to endure.

Security locks standard on all refrigerators and dispensers

MARVEL
OUTDOOR

24" Marvel Outdoor All Freezer

Model # MO24FA

Cool down on hot summer days with frozen treats within fingers' reach

Performance

- Certified for outdoor use to withstand elements like rain, corrosion, high humidity and temperatures as high as 115° F
- Tested to hold up to 200 lbs of frozen goods
- Dynamic cooling technology delivers rapid cool down, frost-free operation and precise temperature stability
- FreshFlo stainless steel shelf helps efficiently circulate cold air and ensures even temperature stability
- Now even quieter operation thanks to exclusive design enhancements to buffer and minimize sound

Storage Capabilities

- 4.7 total cu. ft.
- Keep items organized and within easy reach with two commercial-grade chrome wire freezer bins on the fully extendable smooth-glide ball bearing system
- (1) full-width adjustable cantilever FreshFlo stainless steel shelf (removable)

Temperature Controls

- Marvel Prime controls for precise, frost-free temperature management between -10° and 10° F
- Audible alarms for door ajar and high/low temperature ensure your contents stay at optimal temperature

Aesthetics

- Pristine white interior easily wipes clean and efficient arctic white LED lighting illuminates interior for better viewing
- Corrosion-resistant stainless steel exterior, sturdy pro-style handle and rugged stainless steel toe kick
- Finish: stainless steel

Additional Convenience

- Door lock provides added safety and security
- Close Door Assist System gently and automatically draws door to a close, ensuring door is never accidentally left ajar
- Stainless steel toe kick adjustable to 4" with leveling legs
- 1-year parts and labor warranty, 5-year sealed system parts warranty

24" Marvel Outdoor Refrigerator and Freezer with Ice Maker Option

Model # MO24RF

All-in-one outdoor refrigerator freezer ice maker

Performance

- Certified for outdoor use to withstand elements like rain, corrosion, high humidity and heat
- Tested to perform in temperatures as high as 115° F
- Dynamic cooling technology delivers rapid cool down, frost-free operation and precise temperature stability
- Thermal-efficient insulated cabinet ensures optimum energy efficiency and cooling performance

Storage Capabilities

- Refrigerator's 3.9 cu. ft. holds up to (72) 12-oz cans
- Interior 1 cu. ft. freezer with self-closing door is large enough to hold up to 12 pints of ice cream
- Optional ice maker kit available to produce and store up to 13 lbs of crescent ice (accessory part #S42418151, field installable)
- (2) partial-width cantilevered, fully adjustable FreshFlo commercial-grade stainless steel shelves, (1) full-width, fixed-position stainless-steel-framed glass shelf, (1) MaxStore bin and (1) stainless-steel freezer shelf (removable)
- MaxStore smooth-glide clear bin organizes loose, bulky items; capable of storing 15 lbs of produce, 4 wine bottles or (22) 12-oz cans
- Adjustable cantilevered shelving allows easy customization to meet your changing storage needs

Touchpad Controls

- Marvel Intuit controls for precise, frost-free temperature management between 34° to 42° F and a freezer temperature between -6° F and 6° F to keep contents evenly frozen throughout
- Audible alarms for door ajar and high/low temperature ensure your contents stay at optimal temperature

Aesthetics

- Corrosion-resistant stainless steel exterior, commercial grade 6-foot power cord, sturdy pro-style handle and rugged stainless steel toe kick
- Pristine white interior is easy to wipe clean, even in the corners
- Efficient arctic white LED lighting brightly illuminates interior for better viewing of contents
- Finish: stainless steel

Additional Convenience

- Door lock provides added safety and security
