Material: Wood

Number of Shelves: 2

Number of Drawers: 5

Number of Leaves: 0

Style: Traditional/Formal

Finish: Dark Wood

Brand: Pulaski Furniture

Product Description: Define the aesthetic and ambiance of the bedroom with the Woodbury Five-Drawer Dresser with Cabinets. Two spacious drawers at the bottom provide space for items such as bed linen and sweaters, while three center drawers offer storage for your more intimate belongings. Shelving behind two cabinet doors gives additional storage for other bedroom essentials. The warm, earthy Cowboy Boots finish creates a welcoming and cozy atmosphere, and half-cylinder paneling with detailed molding adds character and dimension. This dresser is not just a place to store your belongings; it's a functional piece that elevates the entire room.

Collection Features: Woodbury bedroom and dining room offers traditional silhouettes and scaling. The Acacia veneer is finished in a rustic Cowboy Boots Brown that is suitable for today's casual lifestyle. The raised half cylinder panels add bold dimension and are the focal point for this group.

Status: Active

Finish: Cowboy Boots Brown finish showcases a deep, earthy tone reminiscent of well-worn leather. Aged pewter finished knob hardware

Features: Traditional style combines timeless design with a rich, warm aesthetic. The dresser offers ample storage with five drawers and two doors with an adjustable shelf behind each (coordinating mirror is sold separately)

Material: Acacia Veneer

Drawer Construction: French and English Dovetail Drawer Construction

Frame Construction: Pulaski uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
