MOE'S

Barnes Accent Chair Black

Barnes is what happens when lines meet cabin energy. A wide-arm silhouette feels grounded and relaxed, while joinery details at the edges add quiet craftsmanship. Wrapped in black top-grain buffalo leather, it's made to break in beautifully, softening and developing natural patina over time. A solid acacia frame and supportive inner structure keep the sit steady, with foam-and-fiber fill for everyday comfort. It works by the sofa or window anywhere and keeps the room grounded.

- Mountain-Modern Lines: Transitional silhouette with wide arms and balanced proportions brings rustic warmth to modern rooms, working equally well with minimal or layered styling.
- Top-Grain Leather: Black top-grain buffalo leather starts smooth and gets more lived-in over time, developing natural patina that adds character without extra effort.
- Solid Wood Support: A solid acacia wood frame pairs with mango wood and plywood support, keeping the chair steady and helping it hold its shape.
- Cushioned Comfort: Foam-and-fiber fill creates a comfortable sit, and wide arms give you a natural place to rest a book or a mug.

Item Code	MU-1004-02
