MOE'S

Harris Office Chair Burgundy

Your desk setup just got a little more intentional. Harris brings the same clean, boxy profile you'd want in a living space—then puts it on wheels for work mode. Textured polyester and tonal piping keep the look sharp, while foam-and-fiber fill makes long stretches feel easier. A solid mango wood and plywood frame adds structure under the upholstery, and a metal base with casters keeps you moving without fuss. It's polished, comfortable, and ready to roll.

- Boxy, Clean Silhouette: Modern, squared-off shape adds structure to your workspace, balancing simple lines with a warmer feel that doesn't read clinical.
- Textured Burgundy Upholstery: 100% polyester in a rich burgundy adds depth, with tonal piping that crisps the edges and finishes the profile.
- Structured Inner Frame: Solid mango wood and plywood frame supports the seat for a steady sit, helping the chair keep its shape through busy weeks.
- Roll-Anywhere Base: Metal base with caster wheels makes it easy to glide between tasks, keeping your setup flexible from desk to meeting corner.
