# Piero Basin Deep Red Marble

A bowl that doesn't whisper—it anchors the room. Carved from solid Red Cherry marble in a deep red hue, Piero brings that grounded, timeless energy you usually find in old architecture and great coffee tables. The generous basin profile reads classic, but the clean lines keep it current. Each piece is artisan-finished, with natural shifts in tone and veining that make every bowl one of a kind. Set it out, then let it do the talking.

- Grounded Statement Form: A grand-scale basin silhouette with classic proportions and a transitional attitude, made to look at home on any surface easily.
- Red Cherry Marble: Cut from Red Cherry marble in a deep red tone, with authentic variation in veining and shade, so no two pieces match exactly.
- Solid Stone Carve: Carved from a single block, this solid marble bowl has satisfying weight and smooth finishing that holds up to everyday styling.
