

MODULARACK

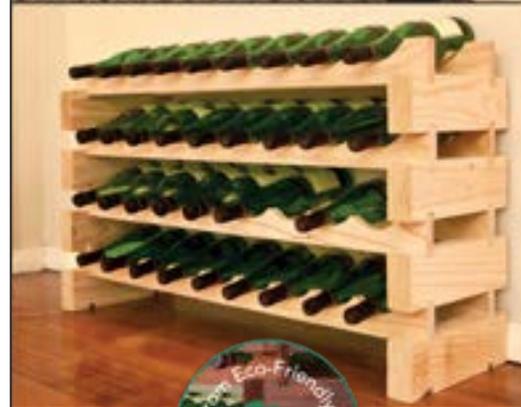

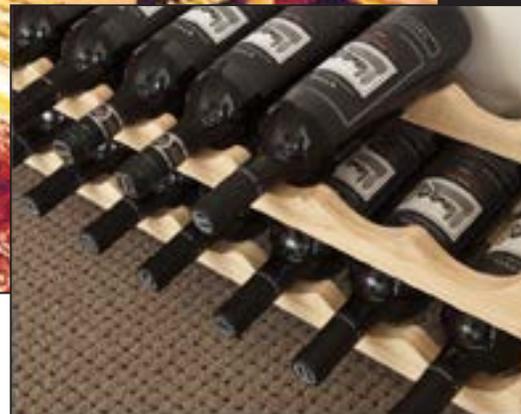

Modular Wine Racking Systems

Build the cellar of your dreams with Modularack! Handcrafted from environmentally-friendly pine, these quality racks will not dent, fade, or turn yellow. Assembling a Modularack Wine Rack is as simple as stacking blocks; no nails, tools, or glue needed! These lightweight racks are available in a variety of sizes and configurations to fit your exact wine storage needs. Modularack Wine Racks can be stacked up to 12 feet high, making them the ideal choice for countertops or to fill the entire room. Whether your collections consists of eight bottles or a thousand, these easily expandable wine racks are a smart choice.

- Assembly is simple - no tools necessary!
- Stackable up to 12ft high
- Constructed from strong pine
- Top shelves can hold magnums
- Available in natural (unstained) or stained

*Note: While most Modularack systems require simply assembly, larger installations may require some help to ensure you collection is secure.

ECO-FRIENDLY

These sturdy racks are constructed out of exceptionally strong and environmentally-friendly pine.
