

CANTON LADDER BACK ARM CHAIR

Simple and at the same time sophisticated, the Canton Ladderback dining chair is no ordinary ladderback chair. Fine lines and the most subtle of curves give the timeless ladderback chair a new, modern approach. The Canton has a graceful, tall back that cradles you with support, while the solid wood seat is contoured for equally unexpected comfort. It is available in either both side chair and arm chair formats.

- Poplar

Solid Wood - Made
using genuine solid
wood construction
