

York Nightstand Warm Brown Burl

Brass handles, acacia legs, and a finished back—York sweats the details. The two-drawer nightstand fits a rich burl-grain surface in warm brown with brass pulls that catch the light, while acacia wood legs add natural contrast at the base. A finished back means it can float away from the wall and still look complete from every angle. Soft-close glides bring a quiet, deliberate feel to the drawers. Considered, side to side.

- Design-Forward Detail: A brass handle on each drawer front, set against the warm brown finish, gives the nightstand a warm, considered visual quality.
- Warm At The Base: Acacia wood legs bring natural warmth to the base, offering a warm material contrast to the rich burl-grain surface resting above them.
- Free To Float: A finished back lets the nightstand stand away from the wall, keeping every angle of the piece looking complete and considered.
- A Quiet Close: Soft-close glides make both drawers feel deliberate and unhurried, a detail that brings quiet care to the most-used part of the piece.
