ITEM # 430-326P

LINEAGE KING PANEL BED - COMPLETE

The Aspire Lineage Panel is the perfect bedroom centerpiece for showcasing the natural beauty of solid cherry. With the solid wood boards crafted into the design such that the wood grain runs vertically, the design is unique while retaining a sense of elegant simplicity. In keeping with one of the major themes of the Aspire collection, the Lineage Panel Bed features the beveled post design. This element also gives a clean connection point to add the Aspire Wall Panels (optional) which can flank the headboard and create a finished backdrop for either of the Aspire bedside pieces.

- Cherry

Solid Wood - Made using genuine solid wood construction
