

WI-C310/L

Wireless In-ear Headphones

Whether at home or on the go, the WI-C310 headphones deliver great sound with up to 15 hours of battery life¹. A versatile and practical design with 9mm driver units for clear sound and lightweight design for maximum comfort make these a great choice for wireless headphones.

Features

Go wireless with BLUETOOTH®

Say goodbye to tangled wires and pulled-out plugs. With BLUETOOTH® wireless technology, you can connect to your device wirelessly and enjoy flawless, interruption-free listening.²

Up to 15 hours of battery life

With up to 15 hours of playback when fully charged, you can listen to your favorite playlists and podcasts all through the day¹.

Power up with quick charge

When your battery runs low, just 10 minutes of charging gets you up to 60 minutes of playback. This means that even if you're in a rush, you'll soon be ready to get the music going again. If you have more time, you can charge the battery to full in just three hours.

Portable and flexible for more comfortable listening

Soft, flexible, and lightweight, the WI-C310 wireless in-ear headphones let you listen in comfort, anytime, anywhere.

Colors to suit your style

Express your style with a choice of four colors, all with a sleek, flat cable and eye-catching metallic finish.

Magnetic buds for easy carrying

The earbuds feature built-in magnets to attach to one another for tangle-free carrying and storage.

Free yourself with behind-the-neck design

The around-the-neck design is comfortable, lightweight and keeps your headphones out of the way, so you can get on with listening in total freedom.

One-touch hands-free calling

Calling a friend from your connected smartphone? Touch the multi-function button and you'll be ready to get the conversation started. Time to say goodbye? Just press it again to end the call.

9mm driver units for clear, punchy sound

Whether you're listening to pop hits, classic rock, or jazz solos, the 9mm driver units deliver dynamic audio performance with deep bass, crisp treble, and outstanding clarity.

Voice assistant at your service

Check the weather, get the latest news and more using just your voice. Press the multi-function button twice and you'll get instant access to Siri or Google Assistant³.
