NOTES

- Zero Gravity recline technology reduces pressure and strain on the spine
- Detailed vertical stitching lends a tailored look
- Built to last with our DualFlex Spring System—sturdy steel ribbons attached to flexible coils that offer a wide range of motion and durability
- A power control independently controls the headrest, lumbar, and recline for a personalized sit
- A separate home button returns the headrest, lumbar, and footrest to their original positions with one touch
- Attached seat and back cushions ensure a comfortable sit that will last
- High-density cushions consist of a high-resiliency, high-density polyurethane foam core
- Available in water-resistant polyurethane fabric ideal for active families
- USB port built into power control for convenient charging
- The power control allows you to independently adjust the recline, headrest, and lumbar support.
- A separate home button returns the headrest, footrest, and lumbar support to their original positions with one touch.
- A USB port is included on the power control for powering electronics.
- Zero draw technology only uses power when the USB port is in use.
