Product Description: With an eclectic mix of a rustic White Oak veneer desk top in a deep brown Midnight finish and a brushed brass base, you can create a curated chic modern look in your office or family room space. Two drawers are offered with drop front for keyboard use. This versatile modern desk can be used free standing or as a left or right-hand desk in an L-configuration.

Collection Features: Create a curated chic modern look with an eclectic mix of sophisticated materials and finishes in the Curata Collection. Curata, meaning "curated" in Italian, mixes materials like black nickel, stainless brushed brass and marble with three distinct rustic modern finishes for a simple, yet urbane design. Inspired by timeless shapes and chic materials, Curata exudes a "less is more" feel by spotlighting the design of each piece and giving precise attention to detail.

Status: Active

Finish: The finish is a deep, brown called Midnight. Hardware is a brushed brass pull. Distressing includes wire brushing.

Features: Two drawers with drop front for keyboard use
Keyboard space: 28 3/4W x 15 1/2 - 18 3/4D x 2 3/4H

Knee space: 64W x 24 1/4H

Material: White Oak Veneers and Metal

Drawer Construction: Hooker Furniture offers full height, full depth and full width drawers for maximum storage capacity. All drawers have strong, time-tested English or French dovetail construction, for years of problem-free use. Plywood drawer bottoms are attached to plywood drawer sides for strength and durability. Metal side guides or wood on wood guide systems operate smoothly.

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
