**Product Description:** The Eleana Floor Mirror transforms any room into a design statement with its faux onyx frame crafted using a water-transfer technique. Its tall rectangular silhouette with beveled glass reflects light beautifully, making spaces feel brighter and more open. Ideal for living rooms, bedrooms, or dressing areas, this mirror adds a sophisticated touch with its cream-toned finish and sculptural elegance. Style-conscious homeowners will love its ability to create depth while complementing transitional or modern interiors.

**Collection Features:** Marrying sculptural refinement with an effortless sense of luxury, the Eleana collection is a masterclass in contemporary elegance. The series, imbued with an effortless sense of sophistication, where sculptural silhouettes meet richly textured materials to create pieces that feel at once timeless and of the moment. Versatile in both scale and sensibility, Eleana's thoughtful proportions and nuanced finishes bring a sense of depth and harmony, lending itself seamlessly to a range of interiors, from intimate city dwellings to expansive retreats. Infused with a relaxed yet polished sensibility, Eleana embodies the essence of modern living; stylish, inviting, and intuitively crafted for the way we live today.

**Finish:** Faux Onyx finish created by water-transfer technique

**Features:** Tall rectangle shape  
Beveled mirror

Faux onyx water-transfer finish frame

**Material:** Resin and Mirror

**Frame Construction:** Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
