Exterior			
		Window	No

This Whirlpool® 7.0 cu. ft. Top Load Dryer uses Moisture Sensing to help prevent overdrying by stopping the load at just the right time and features an Air Only Cycle that tumbles your items without using heat. Release wrinkles without rewashing loads with the Steam Refresh Cycle that uses water and heat to get clothes ready to wear. Easily keep loads going on your schedule with the Wrinkle Shield™ Option which continues tumbling for 150 minutes after the cycle ends or use Timed Dry for extra drying time when you need it.
