MOE'S

June Slipper Chair Dark Brown

Meet June—the chair that keeps things low-key and lounge-ready. Designed as a modular component, it works solo as a free-standing piece or joins others for sectional configurations. Warm-toned upholstery sits over oversized oak veneer legs for a grounded, modern profile. Inside, foam, feather, and fiber fill creates that pillow-like sink-in feel, supported by a solid wood and plywood frame. Add a lumbar toss cushion, and settling in becomes the plan every time after work, too.

- Low-Profile Lounge Seat: A simple, modern silhouette that feels relaxed in the room, whether it's solo or connected to other June modules.
- Warm-Toned Upholstery: Covered in 100% polyester fabric in dark brown, offering an easygoing look that complements the oak veneer base nicely in any room.
- Solid Frame Support: A solid wood and plywood frame holds shape over time, paired with an oak veneer base and oversized legs for stability.
- Sink-In Cushioning: Foam, feather, and fiber fill with a lumbar toss cushion delivers plush comfort, while the supportive seat keeps you upright enough.
