

FEATURES & BENEFITS

SCAN TO VIEW  
IN YOUR KITCHEN

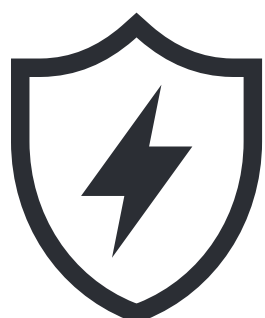

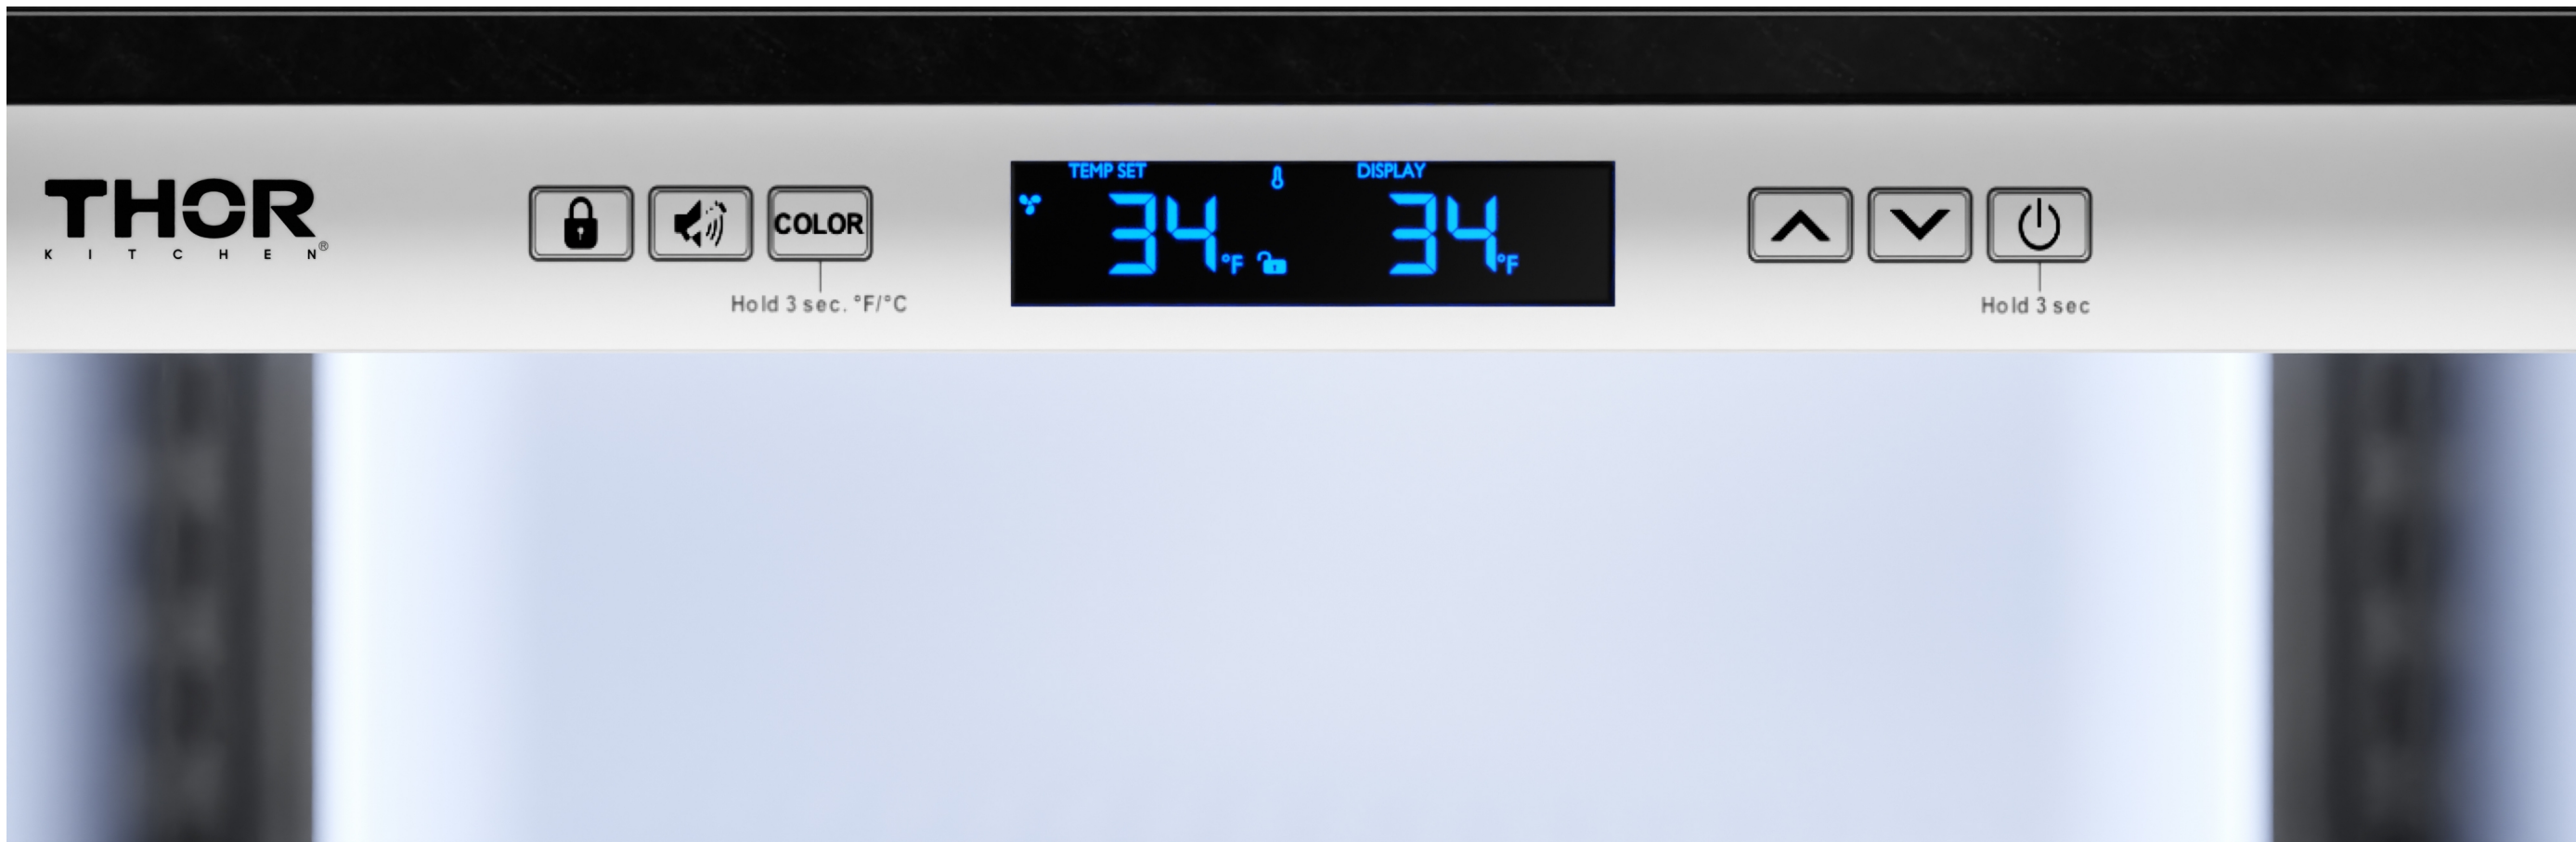

- ThermoPrecision™ Temperature Management -** Electronic temperature control with LED digital display, set temperature anywhere between 37 - 46°F and the beverage refrigerator will hold it precisely.
- Maximum Storage Capacity -** 5.3 cu. ft. holds up to 140 standard 12 oz beverage cans for maximum storage.
- LED Interior -** White LED interior backlight that enhances visibility, complemented by a stainless steel inner compartment, ensuring optimal hygiene and easy cleaning.
- Triple Pane Glass -** Double glazed triple pane glass with low-e coating reduces heat transmission.
- Cooling System -** The auto defrost cooling system with fan circulation keeps temperatures where you want them.

TECHNICAL DETAILS

Storage Capacity	140 Cans
Color/Finish	Stainless Steel
Power Voltage	120V
Power Input	80W
Temperature Range	37-64°F (3-18°C)
Amps	0.7A
Cooling System	Compressor Cooling
Total Capacity	5.3 cu. ft./ 150 L
Noise Level	42 dB

PRODUCT DIMENSIONS & WEIGHT

Product Width	23 9/16 in.
Product Depth	23 7/16 in.
Depth (Including Handles)	25 15/16 in.
Product Height	34 1/4 in.
Net Weight (lbs.)	114.2 lbs.
Gross Weight (lbs.)	128.75 lbs.

2-YEAR PARTS & LABOR WARRANTY

**CUT SHEETS**

**24-INCH UNDERCOUNTER BEVERAGE COOLER DIMENSIONS**
