**Product Description:** Mixed media is the name of the game with the Catalina Upholstered Bed. Framed in medium-tone distressed wood, this casual piece features a channeled headboard that has been neatly upholstered in textured cream fabric, and custom black square-tube metal base at the footboard. The coordinating paneled side rails and slats complete the look, providing a transitional, inviting centerpiece for any sleep space. Mix and match the Catalina Upholstered Bed with other pieces in the Catalina Collection for perfectly coordinated bedroom style.

**Collection Features:** The Catalina collection offers a casual design profile that mirrors Drew and Jonathan’s current Southern California lifestyles. The collection includes low profiles with classic angles and natural finishes. Highlights of the bedroom pieces include an upholstered, low platform-style bed with a fabric headboard and a wood-panel bed. Coordinating case pieces include a dresser with linear metal hardware and metal base, an accompanying mirror, and a two-drawer nightstand.

**Finish:** Light wood distressed finish with black metal base

**Material:** Split Heart Oak Veneers, Metal and Fabric

**Frame Construction:** Drew & Jonathan Home uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
