LUXURY FIRM

AIRELOOM

CALIFORNIA DESIGN · HANDMADE

THE PATENTED AIRELOOM LIFT™

We've pioneered a natural chamber between the springs and the mattress-top that allows every element to breathe. When the chamber meets the layers of plush materials, the bed completely synchronizes with your body. It can only be described as a lift.

Hand tufted design

FABRIC/QUILT

- Ultra-conforming knit with Tencel® and Phase Change material
- Silk/Wool fibers
- FR fibers
- Super Soft quilting foam
- Firm quilting HD foam
- True-Stretch™ cotton backing

TENCEL® PANEL

Our ultra-conforming knit panel is made with breathable Tencel®. This panel is eco-friendly and incredibly soft to the touch.

SILK/WOOL

A breathable blend of natural fibers to provide airflow keeps the body cool and dry for lasting comfort.

TERRAPUR™ LATEX

This hypoallergenic foam has an open cell structure that allows ventilation and even heat distribution.

AIRELUX™ FOAM

An incredibly durable and resilient foam which conforms to your body and aligns your spine to minimize sleep disturbances.

COTTON

Eight pounds of pure, breathable cotton allows for natural airflow and softness.

VISCO FOAM

CertiPur-US certified, it conforms, releases heat rapidly and recovers quickly to its original shape.
