

**Item # : RY500T & RY500TB**

**Description : ROYALE TABLE TOP & ROYALE TABLE BASE**

**Product size : 44" x 76" - 96"H x 31"H , 20" Take off leaf**

Your furniture purchase is an investment. Here are a few tips to maximize the lifetime of your furniture with a minimum amount of effort. Properly caring for your furniture can help ensure that it looks great year after year.

#### Wood Furniture Maintenance:

- Always dust, wipe, and clean *with* the grain of the wood.
- Dust with a soft cloth. Dust will scratch the furniture surface if not removed properly.
- Use the same type of polish consistently as interchanging oil-based and wax-based polishes will cause a build-up and result in a foggy or cloudy appearance.
- If a polished surface becomes foggy, rub it with a cloth dipped in a solution of one tablespoon vinegar to one quart of water. Rub softly with the grain until the surface is completely dry.
- Soap and water are not advisable for wood surfaces. Water can penetrate the finish and raise the grain on wood, causing damage.
- Remember to change dusting cloths frequently as dirty cloths may scratch your furniture's surface.

#### The Enemies of Wood:

- Moisture is wood's worst enemy. Liquid spills should be gently wiped up immediately. Coasters should be used under all beverages.
- Do not allow rubber or vinyl materials to lie on the furniture. Chemicals in rubber may leave a stain. Put a strip of felt or leather under accessories that have rubber or vinyl.
- Heat creates a chemical change in the furniture's finish, which results in a white spot. Use protective pads under hot dishes, appliances, etc.
- Sunlight's ultraviolet rays can damage the finish of furniture. Do not place furniture directly against a heater or radiator and do not place in the path of hot streams of air from central heating. This will cause extreme localized drying of the wood.

#### High Gloss Resin Table Maintenance:

- Resin tabletops have approximately 1/8" of a resin coat on the top face of the table, which will resist ice, water, wine, liquor, food, cleaning fluids, and warm or hot liquids; however, cups, glasses, etc. containing hot liquids should not be left on the table without a coaster for protection.
- Resin tabletops will scratch just the same as any other glossy surface and basic precautions should be taken.
- For lasting shine, the resin table should be waxed with a car wax that does not contain silicon. Maintaining this wax build-up will result in a high gloss shine.
- When wiping down the table, a soft, clean rag should be used. Do not use a heavy paper.

#### Granite Top Maintenance:

The surface of the granite on your table has been polished or sealed to create a generally non-porous surface. The stone has many natural characteristics including: veining, hairline cracks, and color variations - which make up the stone's beauty.

To maintain the beauty of your granite:

- Protect surfaces from scratching, staining and etching by:
    - \* Keeping them free of debris or sharp objects
    - \* Wiping up spills immediately
    - \* Avoiding contact with chemicals (particularly acid-based materials)
  - Clean with pH neutral products or those especially formulated for use on stone.
  - It is not recommended to use a water-based solvent for dark granite as it will remove the polish from the surface.
  - After a period of use, apply a penetrating sealer to prevent contaminants from being absorbed into the stone.
  - Remove stains with special absorbent poultices formulated for use on stone.
  - Renew the surface on polished granite (granite with a high gloss surface) by buffing with special stone polish, powder or cream.
- Do not use granite polish on granite with a matte finish, which has been honed rather than polished. (Penetrating sealer may be used on both polished and honed granite.)

#### Marble Top Maintenance:

Marble may be stone, but it is porous stone and can stain easily. Treating marble surfaces the same as wood surfaces is a great rule of thumb.

- It is recommended to seal the tops on a regular basis (every 6 to 12 months). A good quality stone sealer can be purchased from any tile/stone store or any homecare store and should be applied according to the manufacturer's recommendation.
- When sealed properly, marble tops can be used indoors and outdoors and can withstand any weather conditions except internal freezing. Snow or freezing rain will penetrate the table and cause cracks.

#### Caring for the Fabric on Upholstered Furniture:

- Frequent vacuuming of the entire upholstered area will prevent dust from settling into the fibers.
- Professional cleaning is always recommended for all upholstered pieces.
- Always pre-test a small area of fabric in an inconspicuous area when cleaning before proceeding.
- Do not use cleaning products containing brightening agents.

VERY IMPORTANT!!			
<b>NEVER</b> USE GLASS CLEANERS ON FINISHED SURFACES. AMMONIA WILL CHEMICALLY ATTACK THE FINISH.	DO NOT WRITE DIRECTLY ON SURFACE  <b>PREVENT MARKING</b>	DO NOT PLACE DIRECTLY IN SUNLIGHT  <b>PREVENT FADING</b>	DO NOT USE PLACEMATS WITH RUBBER BASES  <b>PREVENT DISCOLORING</b>
<b>NEVER</b> ALLOW LIQUIDS OF ANY KIND TO LINGER ON SURFACES. ABSORPTION CAUSES THE WOOD TO WARP AND THE FINISH TO DE-LAMINATE.	DO NOT USE COMMERCIAL POLISHES AND WAXES  <b>PREVENT YELLOWING</b>	DO NOT PLACE HOT POTS, ETC. ON SURFACE  <b>PREVENT DAMAGE TO FINISH!</b>	REGULATE THE HUMIDITY CONDITIONS AT YOUR HOME  <b>PREVENT SPLITTING</b>

# RY500T & RY500TB

## ASSEMBLY INSTRUCTIONS

**STEP 1:** Attach the Pedestal (C) to the Mounting Plate (D) by using Flat Washer (5), Short Bolt (2), Spring Washer (4), and fully tighten by Allen Key (6).

**STEP 2:** Attach the Stretcher (E) to the Pedestal (C) by using Flat Washer (5), Long Bolt (3), Spring Washer (4), Wood Plus (1) and fully tighten by Allen Key (6).

**STEP 3:** Turn the Table Top (A) upside down on floor with a piece of cloth or carpet underneath to prevent finish from scratching. Attach the assembly Table Base in Step 2 to the Table Top (A) by using Flat Washer (5), Spring Washer (4), Short Bolt (2), and fully tighten by Allen Key (6).

**STEP 4:** To remove The Leaf:

Turn the assembled Table in step 3 to the upright position. Unlock the latches underneath of the Table Top (A). Pull The Table from both ends and remove The Table Leaf (B) as picture shown. Push The Table top together and lock the latches to prevent from sliding. Assembly product is now complete.

## PARTS LIST

<p>(A) Table Top (1 PC)</p> 	<p>(B) Table Leaf (1 PC)</p> 
<p>(C) Pedestal (2 PCS)</p> 	<p>(D) Mounting plate (2 PCS)</p> 
<p>(E) Stretcher (1 PC)</p> 	

## HARDWARE PACK#: PRY500TBH

NO.	DESCRIPTION	DIMENSION	QTY
1	Wood Plus	 $\Phi 16 \times \Phi 12.5 \times 10$	2 PCS
2	Short Bolt	 $\Phi 5/16 \times 2"$	20 PCS
3	Long Bolt	 $\Phi 5/16 \times 2-1/3"$	2 PCS
4	Spring Washer	 $5/16" \times 13 \times 1.2T$	22 PCS
5	Flat Washer	 $5/16" \times 19 \times 1.8T$	22 PCS
6	Allen Key	 L57 x 4mm	1 PC

## PARTS FOR RY500T & RY500TB

### COMPLETE HARDWARE#: RY500T & RY500TB

PRODUCT DETAILS	
TABLE TOP	POPLAR WOOD/ MDF & PB/ OAK VENEER
