Arren Credenza

3000-0052

Overall: 34"h x 63"w x 18"d

Finish: Dark Chestnut/Antique Brass

Materials: Solid Wood/Engineered Hardwood/Ash Olive Veneer

Item Weight: 210 lb

The Arren Credenza is a mid-century modern marvel with its oversized composite and wood handles that are designed to complement the patterning of the ash-olive veneer flowing around them. The effect was achieved from laying the wood on a bias so that it seems to radiate out from the geometric shapes in an antique brass finish. The ash-olive veneer on this brown credenza, in a dark chestnut finish, was chosen because the gradations in tone from dark to light make a bold design statement.
