Leah Side Table Botticino Marble

Botticino marble goes small, oval, and all in. The Leah side table pairs a Botticino marble top with a warm oak burl veneer base, bringing natural pattern above and below. Its organic oval shape and bullnose edge soften the compact surface, while the shaped base reads differently from every angle. Rounded edges, plenty of character, and a mixed-material story scaled for the sofa side nearby.

- Soft Oval Shape: An organic oval tabletop and bullnose edge create a rounded side table surface that feels approachable beside seating, with a clear design point of view.
- Botticino Marble Top: Botticino marble brings a beige natural stone surface that pairs warmly with the burl wood base below, letting the material carry the visual story.
- Oak Burl Base: An oak burl veneer base adds rich wood pattern and changes character as you move around the table, letting the material carry the visual story.
- Small Surface, Big Mood: The compact scale works beside a sofa or chair while still delivering a sculptural material moment, while keeping the design useful day to day.
