Product Description: With its burnished tones and artisanal detailing, the Driftwood Entertainment Credenza in Worn Saddle finish is a high-end entertainment center designed for both media storage and aesthetic appeal. The built-in wine storage, file drawer, and adjustable shelving make it a versatile choice for luxury living rooms. Its medium wood finish and refined craftsmanship appeal to interior designers seeking a blend of function and elegance.

Collection Features: Striking a balance between heritage craftsmanship and contemporary refinement are woven into every detail, the 45-piece Driftwood collection is a testament to the depth of texture and a timeworn patina that evokes the beauty of naturally aged materials. The collection offers three finishes. Buckboard evokes the quiet warmth of sun-faded oak. Worn Saddle is deep and burnished, a nod to the

supple leather of well-loved armchairs and hand-tooled heirlooms. And Burnt Timber, dark and moody, carries the quiet drama of wood softened by time and touch. With an emphasis on craftsmanship and enduring style, the Driftwood collection offers a sophisticated yet livable approach to design, reminding us that true beauty—like great design—only grows richer with time.

Status: Coming Soon

Max TV Size: 80" Flat Screen

Finish: Worn Saddle is deep and burnished, a nod to the supple leather of well-loved armchairs and hand-tooled heirlooms.

Features: Four doors with diamond front motif and soft-close hinges

Left door has one adjustable wood shelf and pullout tray

Center pair of doors has two adjustable/reversible wood shelves with wine storage accommodating up to 10 bottles

Right door has one adjustable wood shelf and one file drawer

Ventilated back panels behind all doors

Material: Oak Solids and Oak Veneers

Drawer Construction: Hooker Furniture offers full height, full depth and full width drawers for maximum storage capacity. All drawers have strong, time-tested English or French dovetail construction, for years of problem-free use. Plywood drawer bottoms are attached to plywood drawer sides for strength and durability. Metal side guides or wood on wood guide systems operate smoothly.

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
