Rotterdam Bowl

1200-0942

In Stock | New

Overall: 9"h x 14" dia.

Finish: Verdigris

Materials: Cast Aluminum

Item Weight: 10 lbs.

The Rotterdam Bowl is a decorative vessel made of cast aluminum with surfaces covered in an incredible raw patina. Once this scalloped bowl is pulled from the mold, it is oxidized to make it appear naturally aged like a fine antique. The coppery-green vessel will bring interest to any vignette.
