PRODUCT DESCRIPTION

For fans of urban industrial design, this TV stand with fireplace insert clearly steals the show. Its blend of acacia veneer and wood is beautified with an oiled walnut-tone finish for a highly contemporary aesthetic with grainy, earthy character. An infusion of dark bronze-tone metal takes the cool character to another level. What really turns up the heat: an electric infrared fireplace insert with faux firebrick surround that operates with or without infrared heat. With the touch of a button, adjust the temperature and the flame brightness, and set the timer for long-lasting enjoyment.
