**Product Description:** The Archives Two-Door Nightstand is a unique addition to any bedroom. Featuring a Mottled Amber faux-tortoise shell finish and woven cane door fronts, this nightstand combines texture and style. Inside, an adjustable shelf provides versatile storage, while a pull-out tray and gallery rail on top add functionality to this chic, medium wood piece.

**Collection Features:** Archives taps into a design trend that mixes modern, trendy styles with historic elements, known as "hipstoric". Complementing a variety of design styles with timeless forms and elements, the trend creates a sense of undeniable luxury. Layering rich and authentic materials, such as figured walnut veneers, top grain leather, woven raffia, and polished marble, Archives' assortment speaks to consumers who yearn for structured elegance with a dash of mystery

**Status:** New

**Finish:** Unique Mottled Amber faux-tortoise shell accent finish with woven cane door fronts. Custom knob and pull hardware in Satin Brass finish.

**Features:** Two doors with woven-cane fronts

**Material:** Birch Veneers and Cane

**Finish Construction:** Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

**Frame Construction:** Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
