Lars Mirror Chrome

Round and ready to brighten the room. Lars brings a clean, graphic pop that feels at home in an entry, bath, or bedroom. A tubular mild-steel frame in chrome outlines the mirrored glass for a crisp finish that plays well with warm woods and cool metals. An MDF back panel supports the piece for everyday hanging confidence. Hang it where you need more light, more depth, and a little polish without crowding your wall space.

- Round Statement Shape: A circular mirror with a tubular frame creates a clean focal point, balancing soft curves with a crisp chrome outline.
- Chrome Steel Frame: Round tubular mild steel framing in a chrome finish adds a bright, modern outline that pairs easily with warm woods and cool tones.
- Supported Back Panel: Mirrored glass is backed with an MDF panel for a more secure, well-made feel when hung and lived with day to day.
