Type: Cabinets

Category: Bar and Game Room

Collection: Accents

Number of Shelves: 1

Style: Modern/Contemporary

Finish: Whites/Creams/Beiges

Brand: PFC

Product Description: This Contemporary White Bar Cabinet combines functionality with style, making it a perfect fit for your home. Crafted from solid wood, it boasts durability and quality. The sleek white finish complements the modern design, while slate veneer inserts on the doors add a unique touch. An adjustable/removable shelf behind two doors provides ample storage space for your wine and glass collection. Enjoy both elegance and practicality with this beautifully constructed piece.

Collection Features: Our exquisite collection of accent pieces featuring stunning curios, door cabinets, and pedestals add a touch of elegance to any space. Whether showcasing your favorite collectibles in a sleek curio or adding functional beauty with a chic cabinet or chest, our curated selection blends timeless craftsmanship with modern style. Each piece offers versatile storage and display solutions that complement any room.

Status: Active

Finish: A light wood finish with contrasting inserts elevate the overall appeal

Features: Contemporary design that maximizes space and utility without compromising on style

One adjustable/removable shelf behind two doors offers versatile storage, making it adaptable for a range of uses

Push to open doors offer a sleek and seamless design that enhances functionality and aesthetics

Material: Solid Wood

Frame Construction: Pulaski uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
