## Samsung Refrigerator Water Filter Bypass Plug Cap

The Samsung HAF-DIN/EXP Refrigerator Water Filter Bypass Plug Cap is a genuine Samsung part designed for use in select Samsung refrigerators. This bypass allows your refrigerator to operate smoothly when a water filter is not installed, maintaining proper water flow to the dispenser and ice maker. Easily insert the bypass plug cap in place of the regular Samsung water filter to enjoy use of water and ice functionality.

- Ensures proper water flow without a filter and helps maintain dispenser and ice maker performance
- Easy installation
- Compatible with select Samsung refrigerator models listed below
