Collection Features: Hooker Furniture's Vineyard Row is inspired by the organic beauty of California wine country, the whole home collection embraces the rustic charm and organic aesthetic of Sonoma and Napa Valley. Crafted with Pecky Hickory veneers, it is available in the main finish, Sonoma, which offers a light and airy vibe, reminiscent of the crisp white wines of the Sonoma region. The Napa finish, featured on select pieces, exudes a darker aesthetic inspired by the robust red wines of Napa Valley. Designed to work within a variety of lifestyles and geographies, the light finish with the dark accent finish allows it to transition between rustic settings as well as more refined environments. Influenced by Spanish missions, quaint bungalows and local architecture, Vineyard Row seamlessly blends earthy elements with sophisticated design. Details including high-low veneer planking, rustic hammered metal bar hardware, metal stretchers and seeded glass add to its authentic style.

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers

enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
