Early Dining Chair Tan Leather Set Of Two

Clean lines, warm leather—done. Early keeps the silhouette minimalist with a slim, blackened bronze metal frame, then softens the look with a comfortably curved back you'll actually lean into. Tan leather upholstery brings a rich, lived-in tone that plays especially well with wood tables, while foam over plywood keeps the seat feeling supportive through long dinners. Quietly pulled-together, even on a Tuesday.

- Minimalist Profile: Slim lines and a gently curved back create a clean, cohesive look that fits modern dining rooms without feeling cold or formal.
- Leather Upholstery: Tan leather covers the seat and back for a warm, refined finish that pairs beautifully with wood and holds up to everyday use.
- Bronze Metal Frame: Blackened bronze-finish metal frame keeps the chair visually light while offering steady support where it matters—under the seat and through the back.
- Supportive Comfort: Foam cushioning over a plywood base helps the seat feel comfortable and reliable, so lingering after dessert feels like the plan.
