

MOLFETTA

SOFA | SM7304-SF

DETAILS:

If darker woods and a starker contrast is your thing, then look no further! This stunning traditional design pairs a soft light brown chenille fabric with black finished frames for an aesthetic that is hard to forget. Faux wood details cover the curved frames from the cabriole legs up to the rolled arms, while the loose back pillows offer every person who sits on it a plush retreat. The classic pillow patterns add more dark tones and an air of mystery to the ensemble.
