Controls

Remote

The included remote controls every function of your fireplace including on/off, thermostat, flame, ember bed, top lights, and blower speed.

Napoleon Home app

Access more options not included on the remote with the Napoleon Home app. Create your favorite settings, set a schedule, and choose from a multitude of flame, ember bed, and top light combinations.

Smart home integration

Use your Google home or Alexa-enabled devices to control select fireplace settings with the sound of your voice.

Wall mount remote

Optional mountable remote featuring a sleek black and white faceplate is ideal for commercial spaces where a traditional remote could easily be misplaced.

Innovations

Unique flip-down style glass

Allows easy access to logs and media, so you can effortlessly customize your fireplace. Whether it's incorporating seasonal or special occasion décor elements, or simply switching up the look, personalizing your fireplace has never been easier.

Flame technology

Upgraded orange and yellow flame colors combine with our innovative spark technology to mimic a real fire.

Smart technology

Offers the ability to connect to your phone so you can easily and conveniently control every feature of the fireplace from anywhere, even when you're not home.
