SKU: P021766

Availability: In Stock

Type: Cabinets, Curio Cabinets

Category: Living Room

Collection: Accents April 2021

Number of Shelves: 4

Style: Traditional/Formal

Finish: Dark Wood

Brand: PFC

Product Description: Elevate your space with the Side Entry Curio, offering timeless style and functionality. It features an arched crown molding top and select hardwood and oak veneers in a dark, rich finish complemented by gold hardware. The side entry offers easy access to the three glass shelves to update your collectibles and accessories for the seasons and holidays. A top-mounted LED puck light illuminates the items in the cabinet, making them more visible and attractive. This curio creates a striking focal point, drawing the eye and adding depth to any room.

Collection Features: Whether placed in a living room, dining area, or office, our display cabinets and curios offer a versatile storage solution. With adjustable shelves and built-in lighting options, these cabinets are perfect for displaying everything from fine china and collectibles to artwork and books. Designed with meticulous attention to detail, our cabinets offer both style and durability.

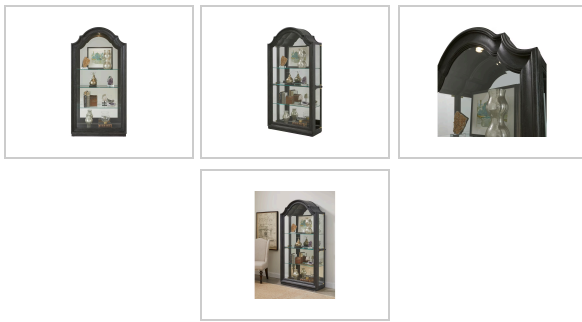

Status: Active

Finish: The dark, rich finish exudes a sense of luxury and timeless appeal

Features: Combines classic beauty with functional storage
Features a gracefully shaped top, side entry access, two adjustable/removable glass shelves, and one fixed glass shelf, offering ample space to display your treasured items
The lighting at the top adds a touch of elegance to the display, enhancing the overall aesthetic appeal of the cabinet's contents
A plinth base provides a solid and stable foundation while gold hardware offers a stunning contrast to the dark finish

Material: Oak Wood Veneers

Frame Construction: Pulaski uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat

and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.

Width: 40.91" (103.9 cm)
