The Visby Calcutta Pepper Ottoman is made of solid oak in a light pepper finish with a linear brass accent in a brushed brass finish. The mid-century lines are enhanced by the rough ceruse treatment on the wood. The seat cushion of the brown ottoman is shown here upholstered in a F0223 Calcutta Linen fabric. It is reversible so that the Visby can be used either as a seat or a table. We offer the Visby as an ottoman in other finishes and fabric choices, and as benches. It is also available in muslin.
