Product Description: This display curio offers both high-end style and a roomy interior for your treasured collections. The dark cherry brown finish uses wood rub-through and simple design elements to reflect a transitional style that works well with any decor. The front of the case is constructed with a two-way sliding door with a lock for security, while a mirrored interior back allows you to view contents from any angle. Five adjustable glass shelves offer customized storage and display, and a single halogen can-style light clicks on with a roll-switch for nighttime viewing. The case is decorated with reeded pilasters and diamond-shaped carvings at the top for added elegance.

Collection Features: With over 60 years of furnishing homes across America, Pulaski Furniture continues its heritage of outstanding value, quality and design. We invite you to explore our accents and display cabinet collection and find the perfect piece to make a statement or complete your vision for any area of your home.

Frame Construction: Pulaski uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.

Cleaning Information: L: Gently wipe with a water dampened white cotton cloth. Wipe dry with a clean dry cloth. Clean spills immediately with a soft, slightly damp cloth.
