- Standard
- Optional

A clean, transitional design
Padded, soft sloped track arms
Adjust the recline and headrest positions with the touch of a button
Charge electronic devices with the single USB-A port located in the power button
Sustainably sourced wood frame delivers exceptional durability
Contoured, high-density foam seat cushion provides lasting, everyday comfort and support
Upholstered in your choice of more than 250 select fabrics, including those with performance and sustainability characteristics
Handcrafted in North America
Swivels a full 360 degrees and allows you to glide or recline from any swivel position
Gently glides when not reclined and has safety locks to prevent gliding when reclined
Adjust from an upright to a fully reclined position by pulling back on the side handle in the arm
Gently rocks when not reclined and has safety locks to prevent rocking when reclined
Adjust from an upright to a fully reclined position with the touch of a button
Charge electronic devices with the dual USB-A port located in the power button
The power control allows you to independently adjust the recline and headrest.
A separate home button returns the headrest and footrest to their original positions with one touch.
A USB port is included on the power control for powering electronics.
Zero draw technology only uses power when the USB port is in use.
Lower the footrest by applying pressure to it in a downward motion. Lowering the footrest with the handle can damage the recliner.
Power allows you to smoothly recline to any position.
A single USB port is included on each power button control on styles with arms.
