

CLAPHAM

SECTIONAL | SM5125-SECT

DETAILS:

A combination of welting details and variance in textures adds a subtle hint of sophistication to this lovely corner sectional. Welt trims the inside of the arms, the edges of the box seat cushions, as well as the reversible pillow backs. On the throw pillows and matching ottoman, an assortment of patterns and materials create a sense of worldly personality; the lines of patterns blend in with the subdued hue of the base frame wrapped in beige chenille fabric.
