**Product Description:** The sleek silhouette and serene neutral color palette of the Cascade Display Cabinet will help you create a retreat from your fast-paced lifestyle at home. Crafted of Oak Veneers in a soft taupe finish and tempered glass, the cabinet features two adjustable wood-framed glass shelves and one fixed wood-framed glass shelf and a light with a three-intensity touch switch.

**Collection Features:** Designed to interject a sense of calm and tranquility into interior spaces, the Cascade Collection creates an elegant - yet livable - retreat from our modern day, fast-paced lifestyles. Characterized by its light and airy neutral color palette and use of mixed materials including oak, lacquered burlap, metal accents and champagne-tone hardware, the collection's modern styling can easily find its way into a variety of interiors across the country. As soothing as water falling from a steep rocky slope, the Cascade Collection was designed to spark Zen, tranquility and calmness in any living space.

**Status:** Active

**Finish:** Terrain: a soft, taupe finish on oak veneers. Distressing includes dry brushing. Champagne colored bar pull hardware.

Two adjustable wood-framed glass shelves

One fixed wood-framed glass shelf

One light with three-intensity touch switch

Levelers

**Material:** Oak Veneers and Tempered Glass

**Finish Construction:** Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

**Frame Construction:** Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
