Product Description: Set a tone of gracious hospitality with the striking Leesburg Buffet. Featuring classical design motifs with a fashionable flair, the functional piece has 3 drawers with a felt liner in the right drawer and a silverware tray liner in the center drawer. The wood-framed beveled glass center doors each have a wood shelf behind. Crafted of Mahogany Veneers, the buffet has a rich traditional finish with elegant cathedral and swirl mahogany veneers with light physical distressing and custom-designed knobs with an antique brass finish.

Collection Features: Leesburg harkens back to an antebellum time when elegant traditional mahogany furnishings with graceful lines set the stage for Southern hospitality and grand occasions. The mixture of rich mahogany with the more casual antique white finish results in an unexpected twist on classic style with a fashion flair.

Status: Active

Finish: Leesburg features a rich, traditional mahogany finish with elegant cathedral and swirl mahogany veneers with light physical distressing. Custom-designed knobs and rosettes with an antique brass finish add distinction to Leesburg. Distressing includes worm holes.

Features: Three drawers
Right drawer has felt liner
Center drawer has silverware tray liner

Wood-framed beveled glass center doors
One adjustable wood shelf behind each door

Material: Mahogany Veneers

Drawer Construction: Hooker Furniture offers full height, full depth and full width drawers for maximum storage capacity. All drawers have strong, time-tested English or French dovetail construction, for years of problem-free use. Plywood drawer bottoms are attached to plywood drawer sides for strength and durability. Metal side guides or wood on wood guide systems operate smoothly.

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
