DAYBED | CM1477GY-BED+TR

DETAILS:

Give your space a distinct center piece with this gorgeous daybed. Panels contoured by molding details and turned finials give it a classic transitional silhouette. This wooden piece offers the best of a sofa and a bed, giving your guests ample room to sit or sleep for overnight visits. The matching trundle also converts into drawers, just in case you need more storage space for extra linens and pillows to be tucked out of sight when not needed.
