Denby Outdoor Side Table Brown

Lightweight look, laid-back feel. Denby keeps things lifted with an open frame and laid-back feel. A slatted teak top lets light and air move through, while square post legs ground the silhouette. Finished in a warm, toasted tone, it adds natural texture to any setup. Simple, solid, and built to live easy—indoors or out.

- Slatted Top: The slatted tabletop allows light to pass through, creating a sense of airiness and visual lightness from every angle.
- Square Post Legs: Square post legs provide a clean, geometric aesthetic that complements the table's overall design.
- Solid Teak Construction: Crafted from solid teak wood with a toasted finish, ensuring durability and natural beauty.
