48" Rockwell Social Grill Product Dimensions

Build-in planning guide for non-combustible enclosures*

ACCESS DOOR REQUIRED!

Important! Gas fittings, regulator, and installer supplied shut off valves must be easily accessible. Grill clean out area must also be easily accessible (1" maximum space between the bottom of grill to the top of the access door to be able to reach the clean out drain). CRCAD20x42 Double Access Doors shown

***ACCESS DOOR REQUIRED FOR DRAIN**

(Access door placed no more than 1" below the grill to reach clean out drain)

Important! Access doors also required for combustible enclosures and additional spacer required. See installation instructions for combustible enclosures for this grill.
