

The perfect companion for any sofa, the Hekman gray round side table features two tiers, providing optimal surface space without taking up too much room.

Durable Build: This beautiful side table is designed to be as strong as it is stunning. With mango solids and forged iron frame and legs, this round side table is built to last.

Purposeful Function: A solid mango slab top and lower shelf combine together to offer an ample amount of storage space. Whether you use it for decorative purposes or for functional reasons, this gray side table is an ideal choice.

Bedford Park: The stunning color of this round side table is due to its unique finish. Finished in gray, this table's unique finish involves a process of sandblasting on mango to bring out the grain patterns of the wood. To finish the look, layers of black, white, and gray stains are applied and topped with a 5 sheen lacquer.

Ideal Size: With ample space for holding items without overwhelming a small space, this is the ideal sized table for any room.
