Interstellar Green Tray

1200-0925

In Stock | New

Overall: 2"h x 17.5"w x 9.75"d

Finish: Dark Green

Materials: Glass / Paper / Engineered Wood

Item Weight: 5 lbs.

Despite looking like it is made of stone, the Interstellar Green Tray's surfaces are the result of green swirl paper being encased in glass. The coating brings the tray an unparalleled sheen. The interiors of the handles are covered in black felt and the bottom is covered in foam. Because this accessory is handmade, the patterns will vary.
