

POST COFFEE TABLE

BC-1096-02

Isn't it great to have options? The Post coffee table leaves it up to you for its leg design. This sweet new table series was conceived to allow each leg post to attach either on or off its corners, a rotation of 90 degrees, for a stately, distinguished look. A natural beauty in solid white oak with a jet-black finish, this coffee table sits lower to the ground, inviting more communication on its sturdy dowel legs. A perfect fit for the living room, office, or cozy beanbag+pouf café corner - natural elements, sculpture, and choice are all present with Post.

- Solid white oak with a black ash finish
- Lower profile
- Leg assembly leaves open design option
- Some assembly required
