

BOSS Lift chair

Boss

Our Lift Relaxers offer added support in the form of a reliable and easily operated chair, with all the Norwegian design and comfort of our original armchairs. For those who require that extra comfort and support, our Lift Relaxers are here to help.

Bold and uncompromisingly stylish, the Boss Lift Relaxer will provide your home design theme with the ultimate promotion. Broad, angular lines and a square-shaped seat gives Boss a distinctive look, making a truly authoritative design statement. As The Chair of The House, everyone will want to experience quality comfort and style with Boss.

The IMG promise

Our products are subjected to the highest Norwegian quality standards. Our comprehensive warranty policy is our promise to you that your furniture has been built to last.

Warranty - See warranty policy for more details.

Up to 2 sizes available

See reverse for specific option availability.

Functions - Features

1. Higher grade foam

Created through cold-cure foam technology, this ensures ergonomically correct seating posture and support which lasts.

2. Comfort precision headrest

Adjustable head and neck support gives you the ultimate comfort in all seating positions.

3. Height adjustable headrest

Enabling the headrest to be adjusted for taller individuals.

4. Effortless recline

The back recline and integrated footrest can easily be operated at the push of a button.

5. Steel interior springs

Steel springs located throughout the back and seat provide optimum support whilst cradling the body.

6. Solid frame construction

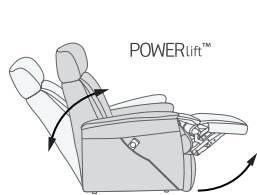

A steel and hardwood frame provides durability and strength.

7. Remote control system

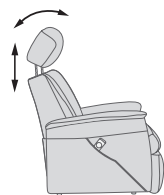

Allows you to easily operate the lift function, the backrest and footrest, or return to the home position.

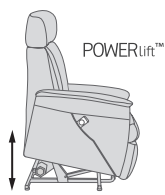

Lift Relaxer functions

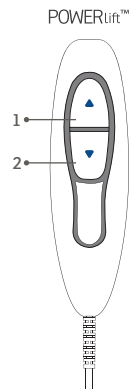

Powered recline

Manual Adjustable / tilt head and neck support

Lift support

- Single Motor Lift Chair**
1. Footrest extends followed by back recline.
 2. Backrest rises, followed by retracting footrest before chair lift function is activated.

Measurements *
