**SKU:** S958-030

**Availability:**

Stock Status: In Stock

Available: 31

**Type:** Mirrors, Dresser Mirrors

**Category:** Bedroom

**Collection:** Lawson's Creek

**Style:** Transitional

**Finish:** Medium Wood

**Brand:** SLF

**Product Description:** Transform your space into a haven of transitional style with our Lawson's Creek Dresser Mirror. A sturdy wooden frame finished in weathered oak veneers exudes warmth and character, while its clean lines and sleek profile offer a contemporary twist on a farmhouse design. Mounted atop your dresser, the mirror's generous size provides a clear and expansive reflection, allowing for easy dressing and grooming.

**Collection Features:** Farmhouse style and elements of transitional design effortlessly combine to create a welcoming atmosphere with the Lawson's Creek bedroom collection. The weathered oak finish and aged pewter accents add timeless charm and warmth to the overall look. Heavy crown molding creates depth and shadow, enhancing the overall appearance of this group.

**Status:** Active

**Finish:** A weathered oak finish gives a muted, worn look, capturing the essence of time

**Features:** Transitional farmhouse style combines warmth and simplicity with a timeless appeal

This dresser mirror seamlessly blends with a variety of décor schemes, creating a stylish addition to any bedroom

Intricate molding exude a sense of elegance and refinement

**Material:** Oak Wood Veneers

**Frame Construction:** Samuel Lawrence Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
